Dear Parents/Guardians

Celebrating Year 11 Success at Arden School

We are thrilled to congratulate all of our Year 11 students and their families on the outstanding results achieved this year. This cohort's hard work and commitment have truly paid off with an excellent set of examination results. With an incredible 39.7% of all grades awarded at Grade 7-9, school performance is well above the national figure of 21.8%. This remarkable achievement reflects the relentless determination and effort our students have shown throughout their studies.

Equally impressive is the 76.9% of grades awarded at grade 5-9 and 82.2% of grades awarded at grades 4-9 – again well above the national figure of 67.6%, highlighting the broad success across the entire year group. We are particularly proud of the staggering 262 Grade 9s that have been awarded, a testament to the exceptional talent and perseverance of our students.

Behind each set of exam results is each individual's story and within each story there is so much for all of our students to be proud of. The results they have achieved today cannot be achieved without hard work and determination. The support that our students have had from their families and their staff at school has also played a key part in ensuring that they were able to fulfil their potential and for that we are very grateful.

As our Year 11 students take the next steps in their educational journey, we send them all our best wishes. Whether they are continuing their studies with us at Arden or moving on to new opportunities, we are confident that they are well-prepared for the future. We look forward to welcoming a record number of them back to study A Levels, alongside new students joining us from other schools, as we embark on the next chapter together.

Once again, congratulations to everyone involved in making this year's results such a tremendous success!

Yours faithfully

Mr D Warwood
Associate Headteacher
